

California Institute of Integral Studies Human Research Review Committee

September 11, 2016

Dear Sasha Strong,

Congratulations, the Human Research Review Committee (HRRC) has approved your research proposal.

This approval is in effect for three years from the date of this letter. Any changes to your proposal from this point forward must be approved by the Human Research Review Committee in advance. It is understood that HRRC approval of your research does not imply endorsement by CIIS of any treatments, products, or theories associated with your research. Please note that you must obtain Program Chair/Director approval of your research before fieldwork begins.

If you need more than three years to complete your research, you will need to apply for an extension to the HRRC before your three-year expiration date. If this is needed, please submit in writing a statement of your request for extension and the reasons. You must also include a statement that no changes to your research have been made since this initial approval.

We wish you success with your research.

Sincerely,

A handwritten signature in blue ink, appearing to read "Leann Fay".
